Mixed Addition and Subtraction Word Problems #2

1. Misha has 34 dollars. How many more dollars does she have to earn to have 47 dollars?
2. There were 28 girls and 35 boys on the playground at recess. How many children were there in all?
3. There were 51 geese in the farmer's field. 28 of the geese flew away. How many geese were left?
4. The elephant had 407 peanuts. She ate 129 of them. How many peanuts did the elephant have left?
5. There were 44 boys and 53 girls on the playground at recess. How many children were on the playground in all?
6. There were 58 geese and 37 ducks in the marsh. How many birds were there in all?
7. Paul had 42 strawberries in his basket. He picked 78 more strawberries. How many strawberries did he have then?

Answers

1. $47 - 34 = 13$
She needs to earn \$13 more.
2. $28 + 35 = 63$
There were 63 children in all.
3. $51 - 28 = 23$
There were 23 geese left.
4. $407 - 129 = 278$
The elephant had 278 peanuts left.
5. $44 + 53 = 97$
There were 97 children on the playground in all.
6. $58 + 37 = 95$
There were 95 birds in all.
7. $42 + 78 = 120$
Paul had 120 strawberries.
